

FOOD GRADE CONTACT CLEANER

NSF P1 Registered precision cleaner suitable for use on sensitive electronics in food processing applications. Ideal for use where lower flash point solvents are permissible. Effectively removes dirt, light oils and contaminants from electronic equipment.

NSF P1 Registered. Acceptable for use as an electronic cleaner with incidental food contact in and around food processing areas.

Recommended for use on sensitive electronics including: PCs, relays, edge connectors, tape heads, busbars, circuits, contacts, printed circuit boards, switches, breakers and control panels.

- ▲ Evaporates quickly. Helps to minimize equipment downtime.
- ▲ Leaves no residue. Reduces downtime by eliminating the need for wiping and rinsing.
- ▲ Safety Data Label (S.D.[L.]®) is a current Safety Data Sheet printed on the reverse side of aerosol product label.
- ▲ Features the CRC Perma-Lock® 2-Way Integrated Actuator. Straw securely locks into place and will not detach. PREVENTION. NOT DETECTION.™
- ▲ StopLight® Food Safety Program label provides quick visual identification.
