

## BeeBlast® With Residual

**BeeBlast® with Residual Wasp & Hornet Killer** is a fast acting, high strength insecticide that instantly soaks harmful insects and their nests with a high output 20' jet blast. Kills with residual action as wasps and hornets return to their nests.

**Safety Data Label S.D.[L.]® right on the reverse side of the label- a CRC exclusive.**

- High output 20' jet blast saturates harmful insects and their nests
- Residual action kills insects as they return to their nests
- Non-chlorinated formula
- Plastic safe- will not damage plastic connectors and other insulating materials

**Use around electric and power utilities, telecommunications equipment and installation sites, bridge and tower maintenance, cable and wire installation sites, industrial plant grounds, warehouses, farm structures and buildings.**
